

Betton

La esencia del cemento reinterpretada con una elegancia moderna. Betton nace de la sobriedad y la fuerza de los materiales industriales, transformados en superficies de gran pureza visual. Sus texturas naturales y sus cuatro tonalidades cuidadosamente equilibradas permiten crear espacios con una estética sólida, limpia y absolutamente contemporánea.

Inspirada en el carácter urbano del west side, la serie aporta un aire metropolitano que encaja con proyectos arquitectónicos actuales: interiores minimalistas, ambientes contract o espacios que buscan personalidad sin renunciar a la armonía. Betton es versatilidad, diseño y actitud en cada pieza.

The essence of cement reimagined with modern elegance. Betton is born from the sobriety and strength of industrial materials, transformed into surfaces with a refined and visually pure character. Its natural textures and four carefully balanced tones allow the creation of spaces with a solid, clean and distinctly contemporary aesthetic.

Inspired by the urban character of the west side, the series brings a metropolitan spirit that fits perfectly into today's architectural projects minimalist interiors, contract spaces, or environments seeking personality without sacrificing harmony. Betton is versatility, design, and attitude in every piece.
